

Customer Notes and Feedback

Team Corellians - March 15, 2021

Rishabh Prasad, Matthew Landry, Anupras Burokas

- Home page
 - They enjoyed the simplicity of the home page
 - They like how text replaced excessive use of images
 - They would like more visual separation between sections on the page
 - They would prefer text to be justified to the left
 - They love the clarity of the navigation bar
- Membership
 - They would like to see clear separation of sections on the page again
 - Enjoyed the use of anchors to navigate the page but would like buttons to return to the top of the page as well
 - If implemented properly they would prefer an accordion over anchors that forcefully scroll you to another portion of the page
- Careers
 - From a design perspective they really enjoyed it (Left justified text, clear separation of content, only display relevant information)
 - They liked the use of accordians to open further information for a specific job posting, as opposed to being redirected to another page
- Events
 - Like including previous events, to help with new members

- Would like more separation again
 - They liked the idea of including past events on this page
- About Us
 - Enjoyed the pop of colour on the icons for vision, mission, values
 - They liked the simplicity and structure of this page
- Mobile view
 - They appreciate the consistency between both mobile and Desktop
 - They need to be clear separation between sections on each page on mobile as well, similar to the desktop view
 - Text should be justified left here as well
 - They liked the use of colour blocks or separating bars as a way we should look into separating sections
