Wordpress Demo

- Jennifer said that the feel and look of the website was fantastic
- There was a concern about the size of the signifiers that were used on the accordion and that the size would need to be increased
- PayPal option
 - They enjoy the use of PayPal because it avoids any privacy concerns because the information is handled by PayPal themselves.
 - They were concerned about whether or not a user may have trouble using the PayPal option to pay
 - Brought up a concern about how difficult the maintenance of the code would be for the people running the website
 - Tim brought up the mention of security of the PayPal option and whether or not it was safe to use with the website
 - Jennifer mentioned that an SSL certificate could be something we look into for the security of the website in regards to the payment option
- Closing Remarks
 - They did not believe we missed anything with the solution we had presented to them

- They enjoyed the thought of making the user guides to simplify their maintenance of the site as they are not all very experienced with the software
