# Instructor Check-In

Team Corellians

Anupras Burokas, Matthew Landry, Rishabh Prasad

# Project Status

We are confident that we are in the GREEN state and have things under control.

# Why do we think this?

- We have structured weekly MVPs
- Weekly Scrums to ensure we are on task and meeting team deadlines
- Constant communication
- Holding each other accountable for their work and providing help if needed
- Team MVP 1 was successful

# MVPs

MVP 1 (March 27):
- Successfully implement our Hi-Fi Diagrams to WordPress
- Focus on general structure and add the main pages including Home, Membership, Careers, Events, About us

MVP 2 (April 3):
- Merge Pages together and Fix any issues on Mobile
- Add additional functionality through plugins including payment, forms, blog creation, and accordions
- Link buttons to correct locations

MVP 3 (April 10):
- Create proper documentation for IABC Board to maintain and iterate upon the website
- Final Touch ups

# Project activities during MVP 1

Rishabh:

- Delegating tasks between team members and managing MVPs.
- Completed Home page, header and footer.
- Research into Payment plugins (Stripe and WooCommerce).

Anupras:

- Worked on implementing the 'Membership' and 'About Us' page in WordPress.
- Found a way to migrate WordPress pages from one website to another, aiding collaboration.

Matthew:

- Worked on implementing the 'Careers' and 'Events' page in WordPress.
- Looking into solutions for accordions on these pages.

Demo time!

# Project activities during the coming week

Rishabh:

- Delegating tasks between team members and managing MVP 2.
- Implement a reliable Payment System (Stripe and WooCommerce) for Careers and Events.
- Implement a Volunteers Information page

Anupras:

- Implementing an accordion/anchor type plugin for the Membership page to switch between Certification and membership information without leaving the page
- Implement a Sponsorship Information page

Matthew:

- Implement working accordions and forms for Careers and Events
- Implement blog functionality

# Reflection

Does the team feel they are on track?

- Yes, we believe we have set ourselves up for success in the upcoming MVPs by creating deadlines and goals for each MVP. We don't seem to be struggling with anything as of yet.

What progress does the team particularly feel good (great) about?

- We feel good about the general development of the website.
- The structure for the Hi-Fi diagrams we created transfer well to wordpress.

# Reflection

What barriers (if any) does the team feel is/are a current impediment to success?
(even if the project status is green)

- The limitation of free plugins or plugins which require payment to access the features we need
- Not being able to find reliable plugins that serve our needs

What help (if any) does the team require to move positively forward?

- Finding good resources on expanding the functionality of WordPress.
- A better way to work on a single instance of WordPress between the team members

# Reflection

What questions or concerns does the team have (if any)?

- What do you think about our progress so far? Is there something we should do better?
